EDUCATION

K.J Somaiya Institute of Technology   **Mumbai**
B.Tech Computer Engineering   *November 2021-Present*
- **GPA : 9.98**

PROJECTS

Somaiya Awards System   **Mumbai**
Team Lead   *March 2023-November 2023*
- Implemented award lifecycle management, including nomination, evaluation, and result declaration. Designed intuitive Material-UI interface for seamless user experience.
- Utilized Node.js and Express to build a robust backend API, enabling secure data storage, retrieval, and manipulation.
- Integrated MySQL database with Sequelize ORM for efficient data management, ensuring data integrity and scalability

Faculty Profile Management System   **Mumbai**
Team Member   *July 2022 – April 2023*
- Developed a web-based Faculty Profile Management System using the MERN stack, enabling streamlined management of faculty information.
- Implemented features for creating, updating, and searching faculty profiles, enhancing accessibility and accuracy of faculty data.
- Integrated user authentication and authorization to ensure secure access and proper user roles within the system.
- Designed a responsive and intuitive user interface using React.js, providing an enhanced user experience and easy navigation throughout the application
